

E&H Memorial Rally 2026

Final Instructions

Firstly may we thank you for your entry....your start number is per entry list published

We would like to take this opportunity to thank all our partners and our teams of PR crews who have worked tirelessly to put on tonight for you. PR is getting harder with every year so please do take notice of all communications from officials, quiet's etc are there for a very real purpose. On that note any form of harassment to marshalls will result in disqualification, they have freely given up their time for your sport tonight. Seeding is provisional until 21:00 hours on the 2nd october when the list will become final...NO DISCUSSION surrounding seeding please

On top of our continued appreciation of our Sponsors **KDM Hire** and **The Bridge INN**, we would like to extend a further thank you to **DPS Denbigh** for equipment and **Flintshire auto services Mold** for supporting the marshals.

Electronic sign on: Please ensure you have done this via rallies.info

An important note, litter:

Please do take all litter home with you or put it in the bins provided, we very nearly lost our trailer park and start venue due to the sheer volume of litter left about !! . Any crew noticed to be dropping litter will be disqualified from the event.

Please note our official photographer is now Jo Gilbertson

**Competitor signing on opens at 17.00 hrs in the HUB and closes at 19.15 hrs prompt
Marshal signing on in same venue and closes at 20.30 hrs prompt**

An important note.

We have a new signing on venue this year which is a great asset to the event, please respect the neighbours the venue has. You are to proceed to signing on 'ON FOOT' from Love Lane car park per diagram.

You will also see from the map our new trailer park and several black spots...trailers only to be parked on grass, no wheel spinning in the fields, the farm DOES HAVE CCTV ! Black spots must be adhered to.

18. Map marking/Pacenotes

There will be several checks on route by named officials/ DSO's to ensure compliance with the no map marking rule. At such points competitors will be required to show all 4 maps (or single bespoke map) upon request. Penalty of disqualification for those found to be in breach of these rules.

19. Driving Standards Observer

Add Checking for unauthorised map marking and pace notes.

Other notes:

Scrutineer/ Noise/ Start etc all as per diagrams below...please do not go through the blackspot on the map at all as it's a residential area.

General Notes:

The roads have on the whole been lacking repair for the last three to five years, therefore please be aware of potholes in multiple places (far too many to caution). Likewise the lanes are very gravelly. Please ensure your cars are WELL waterproofed!!

For avoidance of doubt the entire route has been driven in a standard road going Astra estate. No guards etc.

Social Media. A gentle reminder that Motorsport UK have it within their powers to take action against crews for breaching their social media policy. Please keep that in mind at ALL times.

Wishing you a great event and see you on Saturday.
